
Western Bay of Plenty District Council: Dog Control Policy and Practices Report 2020-2021

The Western Bay of Plenty District Council, as a territorial authority, is required to manage and enforce provisions pursuant to the Dog Control Act 1996 (the Act). Section 10A of the Act requires the Council to report annually on its Dog Control Policy and practices.

This report fulfils this statutory requirement for the dog registration year:
1 July 2020 to 30 June 2021.

1. Dog Control Policy and Dog Control Bylaw 2016

Council reviewed the existing 2011 Dog Control Policy and Dog Control Bylaw, in accordance with the requirements of the Local Government Act 2002 during the 2015-16 year, with introduction of the Bylaw taking effect on 14 October 2016.

The objectives of the policy are:

- To provide adequate opportunities to fulfil the exercise and recreational needs of dogs and their owners, including off leash exercise.
- To minimise the danger, distress and nuisance (of dogs) to the community generally.
- To minimise the likelihood for conflict between dogs and the public or environment, by restricting access for dogs to public places where appropriate.
- To avoid danger from uncontrolled dogs having access to public places which are frequented by children whether or not the children are accompanied by adults.
- To minimise, to the extent that is practicable, the public fear of attack or intimidation by dogs.
- To actively promote the responsible ownership of dogs.
- To actively promote public safety and education.

Council promotes the Policy and Bylaw through communications with residents and dogs owners through:

- Dogs of the Western Bay newsletter
- Council webpage and Facebook page
- One on one contact with dog owners
- Council dog events
- Puppy training classes

2. Dog exercise areas

The current policy provides for all public spaces including reserves to be used for dog exercise areas, with dogs under control. A number of reserves are restricted to dogs on leash only, to ensure that conflict between other users and wildlife is avoided.

Council has approved the introduction of dedicated dog parks which will be created in the 4 town centres, Waihi Beach, Katikati, Ōmokoroa and Te Puke over the coming 4 year period (2021-2025). Work will commence in the coming 2021-22 year for the dog park in Te Puke.

General rates funding is used to meet the remaining 20% of dog related costs, reflecting the wider community benefits of effective dog control. Dog registration fees are set by Council resolution.

6. Policy monitoring and compliance

Council has consistently applied the Dog Control Policy and Council's Compliance, Monitoring and Enforcement Strategy when dealing with all matters of dog control over the period 1 July 2020 to 30 June 2021.

This has continued to ensure a fair, unbiased and consistent approach when dealing with either offending dog owners or other interested parties.

Animal Services Officers have continued strategies for the compliance with dog registration within the District which has resulted in achieving 98% registered known dogs.

*The dog infringement numbers for failure to register were higher in the issue numbers due to change in process. Officers have issued infringements with the opportunity for the fine to be waived where dog owners made full payment of the registration (including the registration penalty of 50%) by the end of the next working day. This has resulted in increased compliance with the registration requirement. Of the infringements issued for non-registration 42 have been waived or cancelled. The number of infringements for other offences has decreased with changes in infringement practices, it is anticipated that this will increase as practices become imbedded.
